## VOLUNTEERS NEEDED IN CITY WIDE X-RAY SURVEY

### X-RAY SURVEY INVITES STUDENTS TO ASSIST

This is your story. Its success depends on you. This is an opportunity you may never have again—an opportunity to help fight the dreaded disease, tuberculosis.

The North Worcester County Public Health Association is planning a city wide X-ray survey in Fitchburg in the very near future. One of our own faculty members, Mr. Joseph Underwood, has been chosen general chairman of the X-ray committee. He states the necessity of the need for our services when he explains that financial aid will be given by various health organizations, but that it is up to the public minded citizens of Fitchburg to conduct this beneficial action.

In a survey such as this, there is a great deal of field work as well as clerical to be done. For this reason, Mr. Underwood is appealing to you, the students at Fitchburg Teachers College to assist him by volunteering for at least one of the innumerable jobs. Vast numbers of volunteers will be needed, but the particular duties suggested to you as students would be in the line of interviewers, typists, and door to door surveyors.

(Continued on page four)

### DRAFT LAW IS FINALLY CLARIFIED

In a recent release from Major General Lewis B. Hershey, Director of Selective Service, it was announced that Selective Service will not make any special provisions to give students 30 days after the end of their academic year to enlist in the service of their choice. General Hershey explained that such arrangements are not necessary this year as the 1951 amendments to the Selective Service law provide that students are henceforth to be deferred instead of having their induction postponed. They will, therefore, have ample opportunity after the completion of their academic year to enlist in the service of their choice.

A student who is ordered for induction should not be thrown into a panic, General Hershey explained, all that is necessary is for him to request the Dean or Registrar to immediately give his local board official notice that he is a full-time student doing satisfactory work and that such work actually commenced prior to the date the order for induction was mailed. Enrollment, acceptance and registration do not

(Continued on page two)

### NEWS ABOUT THE COLLEGE

Have you heard the grand news?—that's right, Mr. Hall and Mr. Vollbrecht have been asked to continue teaching at T.C. What else? Lots of wonderful things are happening to our faculty and staff arrangement. The state has granted us four additional faculty members as well as staff. Also, an increase in pay and a new housekeeper will be a great asset to our dietitian.

Mr. Hall will add a boost to the Social Studies department again this next semester. He claims allegiance to the University of New Hampshire which awarded him a B.S. and at present is a candidate for Ph.D. at Columbia. Ingenuity and elbow grease are pouring into a great piece of literary work which Mr. Hall is creating; its title is, "History of New England Shoemakers".

Mr. Vollbrecht is staying with us to participate in a new program. He will prepare teachers for special class work—his particular assistance will formulate itself in useful art projects.

(Continued on page four)

### GAVS PRESENT "THE RUMOR CLINIC"

The Gaveleer Society recently presented Miss Viola Levanthal a member of the league of B'nai B'rith dedicated to counteracting anti-Americanism through education, who put on an interesting assembly entitled the "Rumor Clinic". Through this Clinic a concrete demonstration of how gossip works was shown.

Miss Levanthal first sent six volunteers out of the auditorium, then showed a slide. The first volunteer, or "reporter", was the only one of the six able to view the slide with the audience. He then, in turn, told the second reporter who told the third, and so forth, just what was seen in the slide shown as he understood it. The same experiment was done with two different

(Continued on page four)

### TRANSFER OF MR. DONOGHUE POSSIBLE

Pending the approval of the State Board of Education on January 22, Mr. Cornelius Donoghue, teacher of Sociology and Economics, will be transferred to Worcester State Teachers College.

Mr. Donoghue, our "Mr. Sociology" of T.C., will be keenly missed, for he was indeed well liked by both students and faculty. Because it would be more convenient for him, (he lives in Worcester and is doing graduate work at Clark University), Mr. Donoghue has applied for the transfer.

After teaching at Holy Cross from 1925 to 1937, Mr. Donoghue came to T.C. and remained here with us until the beginning of this semester when he was granted a sabbatical leave.

Fitchburg Teachers College will sorely miss Mr. Donoghue. Our loss is certainly Worcester's gain. May we wish him much success in his stay at Worcester State Teachers College!

## TOKALONS & MOHAWKS PRESENT FUN-NITE

### "SCHOOL DAZE" ADELPHIAN DANCE THEME

Remember the date—Monday, January 28, 1952. It's not only registration day for second semester, it's THE date of the Adelphean all-school dance.

Maureen Elder, chairman of the affair, along with her able assistants have combined the ideas of Leap Year and registration day to give the dance quite a novel theme "School Daze". It promises to be a big hit!

The gym is the place—7:30 is the time! If you've been looking for something different, this is it! —See you there!

### MR. MCKENNA TALKS ON ALCOHOL & NARCOTICS

On Monday evening, January 14, 1952 the Student Christian Association held its monthly meeting. Mr. Henry McKenna, in charge of the Fitchburg Alcoholics Anonymous gave a talk on Alcohol and Narcotics.

Mr. McKenna defined Alcoholism as "the excessive use of alcohol to the point where it is detrimental to one's health". It was pointed out that there are two ways one can become an alcoholic: 1. Hereditary. 2. Excessive use of alcohol. Mr. McKenna quoted statistics indicating that 6 out of every 100 who drink will become alcoholics, and showed the great risk involved in taking a drink.

It was stated that people come to Alcoholics Anonymous to help themselves. The first thing they are required to do is to admit to themselves that they are alcoholics. The second thing they ask is that these people believe in a power greater than themselves.

The Alcoholics Anonymous is a program of corrective thinking. They are a self-supporting group...there are no dues or fees. The ten steps involved in helping others are of a spiritual nature. They are urged to live one day at a time, and to face each situation as it comes up.

The group tried to show that an alcoholic is not a bad person, but a sick person, who has a

(Continued on page three)

Dear Edgar,

Well Ed since you had to leave T.C. so suddenly and didn't get a chance to see for yourself I guess I'll just have to tell you. I've finally found out what it is that is bigger than all of us. No, it isn't I.A. although it is still pretty big. Tell you what I'll do, I will be real big about it and give you a few hints.

Remember the fellow in T & M who looks like it is either time to get up or time to go to bed? Well man, you should see him when surrounded by a collegiate atmosphere of song, the atom bomb is nothing! All I can say is what a papoose he must have been. (Tell us Bob).

You know I've discovered that the Glee Club hasn't got all the talent when it comes to singing; On key too!

No matter what Joan Fredenburg does she manages to get in a plug for Holy Cross.

Ed, you remember how no one could ever beat Crosby for my money. Well, times are changing and a guy named Hill is taking the campus by storm. It seems he's particularly "For Boston" although I can't understand why he doesn't mean New Bedford.

I guess they hadn't fixed the curtain in the auditorium when you left and they still haven't. However, it is no longer a handicap to the ingenious students of

(Continued on page four)

### TOKALON SOCIETY HELD CHRISTMAS PARTY

The Tokalon Society held an "after Christmas party" Thursday January 10, in the Junior High Dining Room. It was called A Snowball Party. Every member brought a gift wrapped as a snowball.

When the girls came in a name was pinned to each persons back; Such names as General Eisenhower, Jackie Robinson, Sarah Bernhardt, and in the course of the evening each person was to guess what her name was without any help. Joan Paquette won the booby prize for being the last one to guess her name.

(Continued on page four)

## WHO WILL THEY BE?

### KING AND QUEEN OF THE CARNIVAL BALL

There's a big event coming up February 8, don't forget! It's the Carnival Ball, and it's guaranteed to start the Carnival Week-end off with a bang.

It is going to be held in Fitchburg High School, with dancing from eight to twelve. The music will be furnished by Dick Lamar and his orchestra. As yet, the rest of the plans are unsettled, but we're sure it will be a night not to forget. In case you've forgotten, mister, that certain girl is waiting patiently!

The committees are as follows:  
Orchestra and Hall Committee  
Pat Beauchemin  
Jill Hannon

Decorations Committee  
Ginny McGoldrick  
Larry Anderson  
Advertisement and Publicity  
Dave Ringy  
Cindy Callanan  
Class Banner Committee  
Mae Moynahan  
Bun Foley  
Coronation Committee  
Mary Mahar  
Elsie Puro  
Dance Programs and Invitations  
Dick Alto  
Robert Iosue  
Cleanup Committee  
Betty Bachiochi  
George Roche

Regarding an article which appeared in THE STICK recently concerning the manner exhibited at a surprise tea for the freshmen, the editors feel that the following should be said for the purpose of clarification. The tone of the article was too insinuating, which led us to commit the error of generalization. It left you with a feeling that there was not a single freshman present with a decent set of manners. This not only insulting to the persons themselves but also an insult to their upbringing. "Let he who is without sin cast the first stone."

You cannot castigate one group when dealing with breaches of good taste. This is something which should not be found anywhere on an adult level. Learning should not only be a mental function, but should also include the social niceties. In any group you will find some persons who offend, either in dress or bearing, but at an unscheduled tea one can hardly be held accountable for the social amenities of dress. It is a rare student who comes dressed for class in heels, stockings and an afternoon dress. These were the instructions noticed recently on the bulletin board concerning the proper attire for an afternoon tea. This seems to take away from the Freshman any initiative to reinstate themselves. We feel that the freshmen would conduct themselves admirably, providing previous notice is given, which it certainly should be, without instructions concerning apparel. If these freshmen are assumed to be adult enough to be college material, surely the notice itself is paradoxical.

Let us say here that we do not consider the reporters of the article at fault for the tone in which it was stated. Rather the manner in which it was given to them, inadvertantly or otherwise, was a breach of good manners in as much as the criticism was too harsh. The criticism was not one which would build a desire for improvement, but rather one of resentment.

The freshman feel THE STICK has held a grudge against them,—this is not true. This time we concur heartily with their feeling.

Intra - Fraternity Council Again

Previously we have mentioned the Intra Fraternity Council. However, nothing seems to have been done about it. Would you please write to the Editors in order that we may gauge the enthusiasm which we deem necessary in order to set anything in motion?

Congratulations to the ToKalon Society and Mohawk Club on a very excellent Fun - Nite.

RESOLUTIONS TAKE OVER T. C.

Students resumed classes after the holidays this year with the usual well intentioned New Year's resolutions. If these resolutions follow the pattern of those of other years, then they will have been abandoned already as being worthless, useless, and stupid. Most of these programs for self betterment are just the aftermath of too much celebrating the eve before anyway!

The type of resolution which a person selects is an excellent revealer of personality. For instance, there is the thoughtful boy who decides that he won't cause any trouble for the Army. He solves the problem by just not paying any attention to the pleas from his Draft Board. Then there is the meek person who resolves not to pay any attention to the deep, dark mutterings of O. J. And of course there is always the quaint character who is determined to spend more time in the process of studying. (Pardon the expression)

Pupils in the training schools are resolved to cause as much trouble for their teachers as they possibly can. The trainers are determined that they are going to treat the little cherubs with kid gloves. After one more week they'll probably trade them in for boxing gloves. Who knows, professors in T. C. may feel the same way about us. On the other hand students are resolved to be keenly attentive in all their classes. The nearness of mid-year exams might just possibly have some bearing on this.

Fitchburg's star pupil, Edgar Wingass, is resolved that for the rest of the year he is going to have perfect attendance and pass in all his tests. A big improvement may be seen in the Men's Commuting Room. They have agreed to hold social teas (a la

(Continued on page four)

MEET THE STAFF

CLEM CALDER

He's in his senior year here at T.C., taking the I.A. course and doing a good job at it too. This statement is proved by the fact that he's an outstanding member and also the treasurer of Epsilon Pi Tau.

He comes from Lynn, Mass and graduated from Lynn Classical High four years ago.

He is a member of the Esoteric Society and plays Intra-mural basketball and soccer, besides acting as referee for the Intra-mural basketball games. He also holds the title of captain of ping-pong in Palmer Hall.

Efficient dishwasher in our kitchen can also be chalked up to his credit and last, but not least, he is Production Manager of THE STICK. You guessed it—he's Clem Calder on whom publication of THE STICK is always dependent. Clem's doing a terrific job and deserves the thanks of every one of us. Keep up the good work!

CAMPUS PERSONALITIES

Were we to select a Miss Efficiency of 1952 there is little doubt that Beverly Sherwin would be given the title. Like so many of our recent campus personalities, Bev is one of those people who always seems to have so much to do, but always manages to get it done.

Although her family was living in West Townsend at the time, Bev was born here in Fitchburg at Lucy Helen Hospital. Since then she has lived in several surrounding communities such as Shirley and Lunenburg, and received her early education there.

Bev entered T. C. in the fall of 48 and commuted from West Townsend for the next two and one-half years. It was not until last January, when she began training, that she became more than a visitor to Miller Hall and took up permanent residence there. While in training Bev taught at the fifth-grade at Edgerly School and also English in the Junior High School.

This year finds Bev as President of the Adelpian Society; she is also a charter member and has been secretary for the past three years. She is Secretary of the Dramatic Club, a member of the Public Relations Board, THE STICK, S. C. A., and the W. A. A. board as head of Ping Pong. Bev is one of our better all-round athletes, also, participating in all major as well as many minor sports. She also loves dancing and swimming, and does a good deal of both. She is also interested in art work and knitting, although she claims not to find much time for them. We can understand that, after all those other interests!!

A friendly smile and greeting for all identify our other campus personality for this week. One of T.C.'s most likeable persons, George Bosworth is a favorite personality. Very serious and conscientious when the occasion arises, he never loses that smile and sense of humor.

Born in Elizabeth, N.J., the Bosworth's later moved to Barre, Vt., where George attended public schools and was graduated from high school, and where he still makes his home.

Shortly after leaving high school he entered the portals of Fitchburg Teachers College where he soon became one of our favorites. George has since become an outstanding member of the glee club, his most recent appearance being that of soloist in the Christmas Assembly, and one of the stars of Fun Nite. He is also the President of the Student Christian Association and Scribe of the Mohawk Club. He has been a member of the ski club and is at present one of the dining hall's most accommodating waiters.

Enrolled in the Industrial Arts course here at T. C., George is at present deeply engrossed in preparations for a semester of practice-teaching in Lunenburg. He will teach general shop there, including woodworking, power mechanics, etc.

George is also a skiing enthusiast, being very much pleased by our typical New England winter, and an avid photographer. Like Bev, he too has many and varied interests.

DRAFT

(Continued from page one)

count, actual attendance at classes is the prerequisite.

The new Selective Service law provided for the I-S statutory deferment and gave the President authority to prescribe regulations governing the deferment of students in such numbers as he deemed necessary to the maintenance of the national health, safety or interest. The President subsequently prescribed a Class II-S student deferment program. Students may be placed in this classification, General Hershey explained, at the discretion of their local boards. Students who are in the prescribed upper portion of the male members of their class or who made a score of 70 or

better on the Selective Service College Qualification Test may be considered by their local board. General policy is that students meeting either or both criteria will be deferred.

Many students have been confused, General Hershey observed, in differentiating between the I-S and II-S deferments. The II-S deferment is considered on the basis of class standing or qualification test and is discretionary on the part of the local board, General Hershey explained. It may be granted by the local board each successive year, thus enabling students who meet the criteria to complete their education. The I-S deferment on the other hand is a "one-shot" proposition designed only to allow those students who do not have eligibility for consideration for II-S deferments, and who have never before received a student de-

(Continued on page four)

# INTRAMURALS

## MEN

Intramural Basketball has been under way for the past few weeks and the results have computed of the various games that have been played between the teams both won and lost and the league standings as of the writing of this article is as follows:

Team	Won	Lost	Pct.
Mohawks	5	0	1.000
Gaveleers	3	1	.750
Esoterics	2	1	.667
Ciretose	2	2	.510
N.B.A.A.	2	2	.500
Sophomores	1	3	.250
Freshman	0	6	.000

The players having the highest single amount of points for a single game are as follows:

	Points
Driscoll - Freshman	31
Eisenhaure - Esoterics	29
Plunkett - Sophs.	21
Regan - N.B.A.A.	18
Brooks - Hawks	18
Axon - Ciratose	17
Stevenson - Gav's	14

## ALL STAR SQUAD TO BE CHOSEN

There are still a few more games that are scheduled that might result in a change in the final league standings as each team must play a total of six games, one with each member of the league. At the termination of these games an All Star Squad will be chosen from the teams that compose the league with each manager of his respective team choosing a member of his team while seven others will be chosen by the M.A.A. Board. Congratulations to Vin De Novellis for the fine work that he has done in bringing this league into being; in spite of being short handed in regards to referees, timekeepers, and scorers.

## S.C.A. MEETING

(Continued from page one)

progressive disease. Through the revelation of personal experiences, the group showed how their homes became neglected, and they became useless, helpless individuals.

There is no cure for alcoholism. The individual must decide that he wants to help himself. The fact was brought out that it is the first of anything in life, which is bad.

The Student Christian Association gained something from this evening that can not be learned in books or at school. They heard personal experiences from the lives of people, which represented a facinating revelation of salvation. Indeed this was worthwhile, for alcoholism is a current problem to be dealt with in our communities and is a concern to all of us.

## UNUSUAL ORAL SPEECH

One of the most unusual oral speeches in any speech class was given by a freshman recently—Lorraine Nowak. Lorraine and a few students from Gardner demonstrated many skills that can be accomplished on the trampoline. Lorraine told as well as demonstrated how each skill was done. She also pointed out that the most important thing to remember at all times was to be relaxed. Ann Popoloski also demonstrated.

After they had finished, many wished to try their luck; among them was Gordon (Moose) Reed, Marilyn Brennan, and Janet Blake. Lorraine and Ann are being instructed by William Footrick, Gardner's coach.

## WOMEN

### S. C. A. VS. PHILO'S

The girls intramural basketball season got underway on Monday, January 9th with two upsets.

In the first game the S.C.A. team overpowered the Putts by a score of 43-30. Jane Gionnoni of the S.C.A. was the games leading scorer with 25 points to her credit. Carol Lynch led the Putts with 12 points. Jo-Ann Zwiesele, Ann Egbert, Tessie Sheehan and Dot Robus, S.C.A. guards played a big part in the victory.

S. C. A.	F.T.	F.C.	Tot.
Gionanni	1	24	25
Hartshorn	1	10	11
Chenery	1	6	7
Zwiesele G.	0	0	0
Egbert G.	0	0	0
Robus G.	0	0	0

Total			43
Hannon F.	2	4	6
Duffy F.	0	4	4
Brown F.	2	6	8
Lynch F.	0	12	12
Siart G.	0	0	0
Beauchemin G.	0	0	0
Mahar G.	0	0	0
Puro G.	0	0	0
Sheehan G.	0	0	0
Total			30

In the second game, the Philodemics, last years champions, were surprised by the Tokes 35-24. Helen Hammond, with 19 points and Joyce Laventure with 10 points paced the Tokes to a well deserved victory. Trudy Denault and Ann McKeeman each had 10 points for the Philos.

Philo's	F.T.	F.G.	Tot.
Denault F.	0	10	10
Mannion F.	0	2	2
McKeeman F.	2	8	10
Kennedy F.	0	2	2

Roderick G.	0	0	0
Foley G.	0	0	0
Mattson G.	0	0	0
Harrington G.	0	0	0
Total			35

## GIRLS INTRAMURAL BASKETBALL

Two more games were played Monday, Jan. 14, in the girl's intramural league. The Tokalons, paced by Jane Wood with thirteen points, overpowered the Dorm Killers by a score of 32-16. Betty Lips was high scorer for the freshmen with nine points.

In the next game, the Adelphians won their first game by beating the Terrible Ten, 42-25. Marilyn Brennan with twenty points and Arlene Bonitz with twelve, hit double figures for the Adelphians. Sue Langen scored sixteen of the twenty-five points for the Terrible Ten.

On Wednesday the Terrible Ten got hot and squeezed out a victory over the Putts in the

(Continued on page four)

## SKI CLUB VISITS LEOMINSTER TOW

On January 12th at one o'clock approximately 15 people left campus for an enjoyable afternoon of skiing at Leominster.

Upon arrival the better skiers hopped on the tow and traveled to the upper hill, while those whose talents were of less stellar quality enjoyed themselves on the lower slopes.

A small lodge provided shelter and coffee or chocolate for tired skiers who wanted to rest. Some members, it has been said, fared much better on the downhill trip than going up. The "Battle of The Bulge" was more often than not won by the hill, leaving the skier behind.

The ski club plans to have more trips because of the grand time everyone had. No one can afford to miss such a fine opportunity to enjoy themselves. Just find yourself a pair of skis and poles and even if you can't ski, Kenny Fitzgerald or Gene Trombly, among our experts will show you how. Johnny De Luz, president of the Ski Club will inspire you on with his spirit, and you will have plenty of company to share those spills with you. Skiing is indeed the ideal way to forget your troubles and discover the thrills that come only to those who have known the joy of "flying without wings".

## SKI CONTEST

Are you a student at an eastern college?

Do you like to ski?  
..If you've never tried skiing, would you like to learn?

Would you enjoy an expense free week at famous resorts in snowy Vermont?

If your answer is yes to these four questions, the State of Vermont invites you to enter its third annual "WHY SKI" contest.

You're eligible if you're an undergraduate in good standing of any accredited two or four-year college in New England.

All you have to do is set down your ideas, whatever they are, on the subject "WHY SKI?", 100 words or less, either prose or verse, and mail them before midnight, January 25, to Why Ski Editor, Statehouse, Montpelier, Vermont.

If you are one of the ten winners, five men and five women students, you will be Vermont's guest for seven days, February 3-9. The Vermont Winter Sports Council will be your host, and Vermont's famous snow resorts will provide all meals, lodging, travel within Vermont, entertainment, skiing and instruction. The only expense to you will be travel to and from Vermont.

This is a good chance for you ski enthusiasts to try your luck! It's worth a chance!

## PONDER

Does he like me?  
If I asked him, would it be all right?  
Ignorance is bliss, they say.  
I can think of another way,  
To find this—  
In someone's kiss.

Anonymous

# BASKETBALL

## FALCONS WIN FIRST OF THE SEASON

The Fitchburg Teachers College finally climbed into the win column by defeating the Keene J.V. Teachers College quintet at the B.F. Brown gymnasium. The Falcons had previously lost to T.C. of Conn., Worcester Polytech, and Clark U.

As had been the case in the 3 previous contests, Bob Duncan was high man for the Falcons with a total of 13 points; closely followed by teammates Bernie Pollack who had 12 and George McGaw who had 10. For the Owls it was Wally Russell with 15 points and Phil Hyde and Lindy Chakalos each contributing 10 points. Herb Silander who had been one of Keene's big scoring men was held by the Falcons to but one free foul point. As can be seen from the final score it was an even scoring affair with Keene hitting with 19 floor goals and 8 free throws for a total of 46 while Fitchburg had 18 from the floor and 11 from the free throw line for a total of 47. Fitchburg led by as many as 11 points at one time during the affair but that lead was quickly erased as the Keene team poured it on. Fitchburg staved off a last minute rally by the Owls and managed to win their first College Conference game.

This was Keene's second loss of the season, their first coming from the powerful Teachers College at Conneticut.

In the preliminary contest the Keene J.V.'s won out over the Fitchburg J.V.'s by the score of 46-41 as George Reed netted 14 for the Fitchburg team and Ed Wright paced Keene with 12 points.

## FITCHBURG TOPS SALEM MCGAW HITS FOR 14

Fitchburg Teachers College won its 2nd game of the season at the expense of Salem Teachers College as they topped the Witches by the score of 59-55. This game was a Teachers Conference College game and was the Falcons 2nd victory as against 3 losses. George McGaw led the scoring as he put in 14 points and was closely followed by Bob Duncan and Jim Shiminski who each garnered 12 points for themselves. The Fitchburg team led from the start of the game and although hard pressed by the Salem team at the end never the less managed to defeat the Witches and add another win.

## F. T. C. WALLOPED 78-38

The Falcons got their feathers trimmed as they got soundly trounced by the Powerhouse. Five from Teachers College of Conneticut in a Conference Game at Conneticut by the lopsided score of 78-38

## F. T. C. LOSES 3RD IN A ROW

The Fitchburg State Teachers College basketball team lost its third game of the season to Worcester Polytechnic Institute on

the floor of the Alumni Gym in Worcester by the score of 76 to 50. In the early moments of the opening stanza the Falcons led by a score of 10 to 7 but before long the Tech team forged ahead and led by the score of 17 to 11 as the period closed. The Engineers strengthened their lead until at the end of the first half they led by the score of 35 to 25.

W.P.I. found it easy to score once it had solved the partial zone defense that Fitchburg had set up and hit on both long shots and "in close" shots. This game was the first of the season for Worcester Tech, with Dick Hall and Harry Brown hitting for 24 and 11 points respectively while once again Bob Duncan, of the Falcons hit for 15 points being closely followed by Bernie Pollack who had 14 points for the night.

George McGaw made the headlines, though, as a photographer took what he assumed to be an ordinary picture but which turned out to be just the opposite. For it showed McGaw in the act of executing a fancy ballet step and at the same time attempting to boot one of the Engineer players into the basket for a much needed two points. Congrats to you George for your fine effort. All was not lost though, for the Jay Vees came through with their first win of the season.

In a preliminary contest the Worcester Jay Vees came through with a win over the Worcester School of Business by the score of 49 to 35.

## F. T. C. WINS 58-56 POLLACK HAS 20 POINTS

Coach Bill Provenzani's Falcon's won their third basketball game in seven starts at the B. F. Brown Gymnasium as they defeated the Gorham Maine, Teachers by the score of 58-56. Bernie Pollack was the big gun for the Falcons as he poured in 20 points and paved the way for this victory. Bob Duncan, Bernie's teammate helped the cause along as he hit for 11. On the other side of the ledger Gorham's Bill Darling was high man for both sides with 23 tallies while his teammate Dave Jackson put in 10 points.

The scoring for the tilt was fairly close all the way with Fitchburg leading 14-11 first quarter, 29-22 at the half and 43-36 at the end of the third quarter. The final quarter showed a different brand of basketball as Gorham put on a drive that saw them pull within 2 points of the Falcons as the Falcons started to fold. But time was too short and the Maine men just couldn't get that tying basket that would have meant an overtime period. As the final gun sounded the score stood at Fitchburg 58 Gorham 56.

In the preliminary game the Fitchburg J.V.'s lost to the Esoteric Society of F.T.C. This game ended in a tie score and was decided by a "sudden death" overtime in which Bob O'Keefe put in the 2 points that won the game for the Esoterics. "Ike" Eisenhaure was the high man with 12 points.

FUN-NITE

(Continued from page one)

F.T.C. Is there no end to originality?

Radical changes have come over T.C. No more do we say goodnight the way you and I used to. If you were still here you'd walk me over to the dorm, serenade me and then—shake hands.

Say you knew that "quiet" fellow, Harland Williams, didn't you? I think he's going to do alright when it comes to training. He seems to understand children very well. At least he will be able to tell them what to do when they come to the end of a lollipop.

Phil Brennan couldn't find her castanets but a little thing like that didn't bother her. Not with "lovely" Pepeeta around to interpret—modern dance?

Ed, it's getting pretty bad around here now. The girls have to escort the boys back to Palmer hall; curfew you know.

I always said there was a time and place for everything. The romantic atmosphere created by perfect lighting and "Embraceable You" with Marian Roderick and Eddie Hill is the type of setting I meant.

Oh yes, Ed, you should get a load of the blase "Rumeos" loose on this campus. I guess Murray Smith still feels skirts are too drafty but it's Leap Year you know.

The latest Mutt and Jeff team in this area consists of Jim Vincent and Ellen Mattson.

Pat Murray plays "Sarah" very well when interpreting scenes from "Pure As The Driven Snow" or "She Drifted".

Vaudeville is back as shown by villainous Ralph Bessler, "charming" Fred Hohn, heroic Curtis Brooks and ordinary Joe Farias. (Incidentally this was a purely "Miscellaneous" act.)

The outstanding event of this little deal that I'm discussing was a preview of how Eddie Hill, Murray Smith, Dick Brown and Harland Williams will look 100 years from now when those "Dry Bones" begin to get restless.

Salem didn't hang all the witches, the Chief says, "Mumbo, Jumbo will hoodoo you" so watch out!

I understand that they are refilming that movie that you and I saw. It will now feature Phil Brennan and Pat Murray (the campus twins) in "Caged" nobly assisted by Murray Smith.

You should have heard the kids telling me about "A Kiss In The Dark." Very nice! They just waltzed through it.

When two groups want to get

together now-a-days they just U NITE.

Incidentally Edgar, why didn't you tell me that Marian Roderick could sing so well? She does "Ave Maria" beautifully.

I guess by now you must have gathered that I am rambling on about that super-duper evening of joy—Fun-Nite, put on by the Tokalons and Mohawks.

All in all Edgar, I had a wonderful time, first at the basketball game won by the Hawks. Of course a few wild Indians, led by that supporter of "Sound-off", Jerry Kennedy, momentarily disrupted the schedule. Next came the Penny Sale and finally The Show. Per usual the soccer awards were given out at this time and know something? We've got a pretty good team. (Of course there are those who'll say that I'm prejudiced.)

The feature of the Penny Sale was a little puppy, who at this moment is very happily resting in Suite I for the evening, as one of Ruth Dennis's young admirers deemed it hers.

Mrs. Simmons walked off with a prize again this year, but this time it was a pencil sharpener and not a bottle of sherry.

I'm beginning to think you really did learn something in I.A., Ed. The boys surely did a beautiful job on the lighting effects and other backstage work.

By the way, some of your old cronies were on the committee for Fun-Nite: Pat Murray, Rosalie McInerney, Pat Foley, Nick Albondy, Bob Gallant and Eddie Hill.

That's all the news for tonight so I'll close now.

As ever,  
Bonnie Braids

X-RAY

(Continued from page one)

This is something to which you should dedicate your whole purpose. The few hours service which you offer can become part of your contribution to posterity. You are not expected to offer a great deal of your valuable time, but rather two or three hours during the course of the survey; it would mean so much!

This X-ray survey is a tremendous thing! Consider the opportunity. In aiding this work you will not be selling anything, you will not be collecting anything, you will be offering the people of Fitchburg a fifty dollar treatment for nothing!

Think it over! Don't you think the few hours of the time you donate would be worth your while?

Betty LaFlame of the Public Relations Board on campus has been elected coordinator to aid Mr. Underwood here at T.C. She will

soon be around asking each one of you if you will donate your services. Don't be selfish about such an unselfish cause. I hope you'll say, "Sure, I'd be glad to help"—because—its success depends on YOU.

F. T. C. NEWS

(Continued from page one)

Hamden, Conn., Richmond Professional Institute affiliated with William and Mary College, and Iowa State Teachers College enjoyed Mr. Vollbrecht on their faculties. After serving in the army, he studied in Zurich, Switzerland and then he conducted craft activities for the boys on Okinawa. Our versatile artist is here to share with us his individual and unique gift of creative art.

The State Board of Education has given T. C. permission to add four new faculty members to the college—one in the social studies department, one for a special class (which will be effective under our new program), and two for the English Dept. New candidates for the positions are being interviewed and the appointments will be announced later.

Soon the office will be buzzing faster than ever (if that's possible!) with a new Senior Bookkeeper and Jr. Clerk. Mr. Clements has a new man for his staff. That's right! Our new budget has a provision for an additional janitor.

Congratulations to Miss King! The one who keeps us so happily fed has been given a new rating. This means our boarding hall manager is enjoying a new salary.

A woman, who will have the title of "Supervising Institutional Housekeeper," will become the matron of Miller Hall. Besides her duties as house-mother, she will supervise house-keeping at both dorms. Miller Hall will miss you Mrs. Simmons when your duties as temporary housemother comes to a close. Thanks for all your efforts!!

Wait a minute....don't put the paper down yet! What, still more achievements? Absolutely!!

All jobs on campus which are presently labeled "temporary" have become permanent.

Several of our faculty members have been nominated for promotions. Recommendations for these promotions have been forwarded to the Commissioner of

RESOLUTIONS

freshmen) instead of playing cribbage and checkers. So all in all, these resolutions do have a method in their madness, even if for only a few days.

the State Board of Education. As soon as his approval has been decided, Dr. White will announce the promotions.

Shifts in duties have been contemplated for Mr. Holmes, Mr. McMurray, and Mr. Tracey. These changes will become effective February 1st pending the approval of the Board of Education.

Our administration is doing a particularly careful job in choosing new faculty to fill these positions. Recently, Dr. White spent a week-end in New York interviewing new candidates from all parts of the country. We are proud to hear that he is canvassing widely to get the best possible people to add to our faculty.

NAV. ASSEMBLY

(Continued from page one)

slides. The audience noticed the story changing, just as Miss Levanthal predicted, from one reporter to the next. The story also got shorter, the minute details being omitted. From the explanation it could be easily understood just how rumors start and spread, sometimes unconsciously.

There are four reasons why rumors spread; 1. It supplies answers to important questions, 2. it furnishes weak excuses, 3. it relieves pinned up emotions, 4. it makes the teller important.

After the slides were shown and all the volunteers had reported, the audience mentioned the things which the reporters had changed and discussed picture distortions that happened elsewhere.

The volunteers in the first group were, Tom Coburn, Bernie Belles, Anne Popoloski, Ruth Clark, Betty Trainor and Beverly Perry.

Anne Richards, Janet Blake, Norm Swicker, Gordon Reed, Dave Ryan and Danny O'Connor made up the second group.

Thanks to the Gavs for an interesting and informative assembly!

GIRLS INTRAMURALS

(Continued from page three)

highest-scoring game yet, 63-58. Sue Langen threw in twelve field goals and seven free throws for a total of thirty-one points. Mary Hasenstein added twenty-four more. Guard Joan Colby starred on the defense. Barbara Duffy

scored twenty-one points for the losing Putts.

Later, Lainey Weiner with fourteen points sparked the Philo's to a 30-25 win over the S.C.A., to stay alive in the league. Helen Lou Turner played a good game at guard for the Philo's. Jane Giannoni threw in thirteen points for the S.C.A.

TOKE PARTY

(Continued from page one)

Drawing charades was also played, in which the members entered into groups of five and one person in each group drew the specified picture. The members had to guess the titles of the song, poem, or whatever was pictured. The group winning the prizes was comprised of Joann Murphy, Joan Fredenburg, Mary Murphy, Peggy Frye, and Rita Lynch. A lunch was served consisting of ice cream with chocolate sauce, sprinkled with coconut to look like snow, cookies, candies, nuts, and coffee. Presents were then distributed by the President, Joan Paquette and the group then adjourned to the auditorium for a "FUN-NITE" rehearsal.

DRAFT

(Continued from page two)

ferment or postponement to complete their current academic year.

Local boards generally determine during the summer months to whom II-S deferments shall be granted for the next academic year. A freshman student with a I-S deferment may, General Hershey pointed out, keep his class work to a point where he is in the prescribed upper portion of his class at the end of that academic year or during the year take the College Qualification Test so that he thereby become eligible for consideration for a II-S deferment for the next year.
